

~~SECRET~~

2 August 1954.

MEMORANDUM TO: DD/P - Admin

FROM: Chief, FE

SUBJECT: Storage Claim - 25X1A9a

REFERENCE: (1) Travel Order No. OSO-612-52  
(2) Travel Order No. FE-691-54

25X1A9a 25X1A 1. [REDACTED] was assigned to FE Division.

[REDACTED] shipped overseas in accordance with Ref (1) above. So much of this travel order as is pertinent here is quoted below:

"All effects not shipped up to the maximum allowed may be stored at government expense. ....Shipment of effects authorized from Washington, D.C. to Concord, New Hampshire."

2. Ref (2) returned subject to Washington. He has been returned to parent military service.

25X1A9a 3. Subject has stated that the Army will bear the cost of shipping his effects from Washington to his duty station in Georgia (Turner Air Force Base), but will not reimburse him for the cost of shipping those effects held in storage in Concord, New Hampshire. [REDACTED] has requested that this organization reimburse him for the cost of shipment from Concord, N.H., to Washington, D.C.

25X1A9a 4. According to [REDACTED] the storage at Concord, N.H. (rather than Washington), was authorized by this organization due to the fact that at the time he departed for overseas - April, 1952 - storage space was at a premium in Washington. He states that he was told to ship the effects to Concord by the Shipping Section of Central Processing Branch. There is no way of verifying this statement since [REDACTED] is unable to cite any specific authority. The text of the travel order quoted in Para. 1 seems to bear out his statement.
